

Supplemental Material S1. Ethical approval.*

Country	Ethical board
England	NHS ethics - REC Reference 18/LO/1339, IRAS 250519
Hungary	Human Research Ethics Board at Apáczai Csere János Faculty, Széchenyi István University (Győr, Hungary), SZE-AK-2018/001
Israel	Faculty of Social Welfare & Health Sciences #403/18 The University of Haifa, Israel
Spain	The study was approved by the Andalusian Biomedical Research Committee (regional health administration)
Ireland	Ethical approval for the study from the Health Services Executive Research Ethics Committee in Merlin Park, Galway, Ireland.

*Researchers from the five remaining countries approached their National Ethics Committees, or their local universities and were informed that they did not require ethical approval for qualitative studies.
