

Supplemental Material S1. Sample Protocol

This is the protocol that was used for Session 5. Probe data was collected at the beginning of the session. Following data collection, both target behaviors (SV/SVO sentences and pronouns) received intervention.

Start time: 4:00p, End time: 4:45p

1. Official data collection for SV/SVO sentences, NDV, pronouns, and adjective/noun phrases

-Structured activity (picture description): 4:00-4:05

-Unstructured activity (free play): 4:05-4:10

2. SV/SVO intervention

-Cookie decorating activity 4:15-4:30

3. Pronoun intervention

-Picture scenes and reinforcement game 4:30-4:45
