Supplemental Material S8. Estimated covariances of the latent disturbances for the word learning factors from the model.

	Semantic Word Learning	Phonological Word Learning
Semantic Word Learning	.01 (< .01) .52	
Phonological Word Learning	.01 (< .01) .57 *p* < .001	.01 (< .01) .81

Note. Estimates are given, followed by standard errors in parentheses, with standardized values below. *p* values are given for the tests of the covariances.
