

Supplemental Material S3. Summary of themes and the distribution of thought units across themes and participants.

Theme	Representative Quote	Ariel	Charlotte	Corinne	Elaina	Jane	Lily	Peter	Rachel	Riley	Solana	Yen	Total Thought Units per Theme
Complicated logistics of rehabilitation	"The medical model is very complicated and can be, at times, overwhelming"	6	13	6	6	5	7	7	11	3	10	13	87
Centrality of the rehabilitation team	"Without a team approach implementing high- or low-tech AAC isn't possible"	21	7	13	31	14	1	14	12	16	9	17	155
Limited inpatient AAC resources, knowledge, and trainings	"We need resources and/or training, but not sure where to go from here"	23	8	25	18	19	8	24	18	30	12	34	219
Influence of SLP attitudes on service delivery	"Often times, the limitations are in us; not in our clients or patients"	0	0	2	2	0	0	1	0	0	6	6	17
	Unrelated	1	1	0	1	1	0	1	3	1	0	4	13
