

Supplemental Material S1. Participant average CNV waveforms for Go and NoGo trials for individual participants and each protocol by laterality. The waveforms are aligned to S2 onset (0 seconds on x-axis).

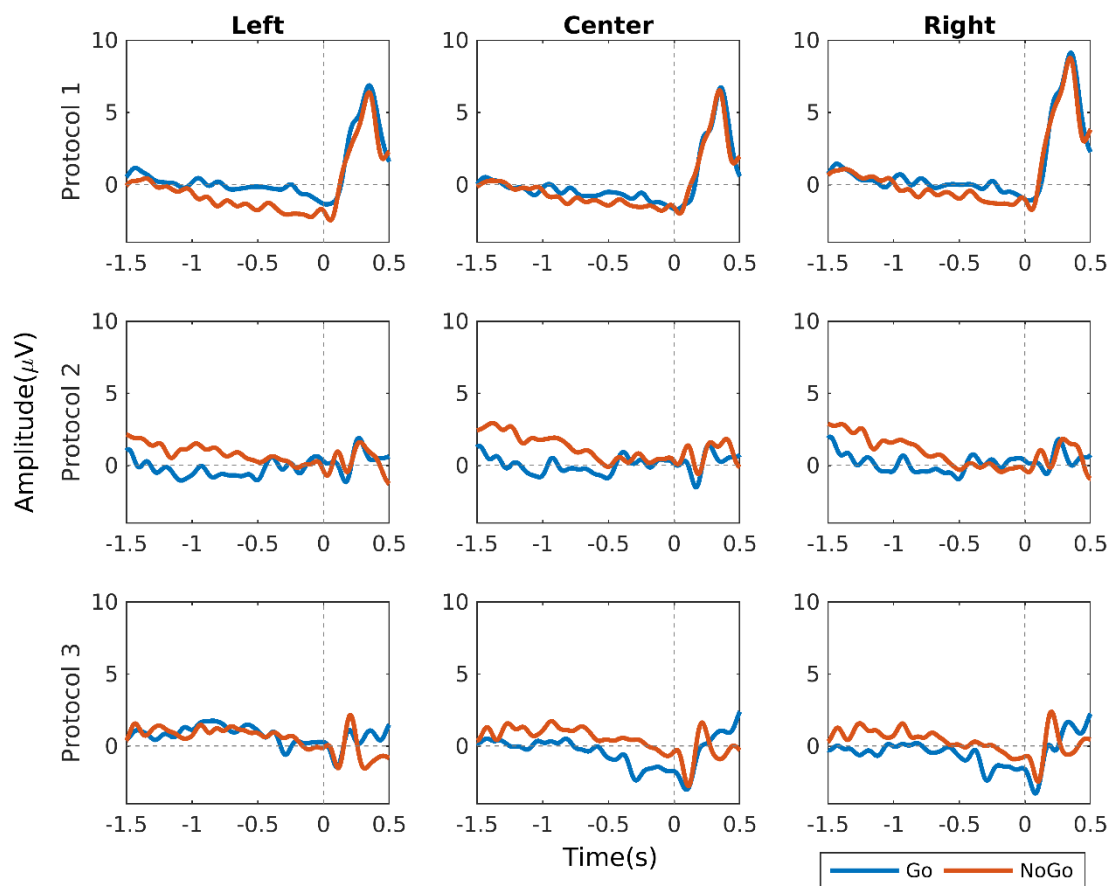

Supplemental Figure 1a. Participants from Protocol 1.

Supplemental Figure 1b. Participants from Protocol 2.

Supplemental Figure 1c. Participants from Protocol 3.

Supplemental Figure 1d. Grand average CNV for Go and NoGo trials each protocol by hemisphere laterality.
